

SHARE THE VOICE OF YOUR COMMUNITY

We humans are a part of different groups – including because of where we live, through shared interests, and online. We share many things with these communities, sometimes without noticing what we have in common and what connections we might have.

Through this activity, you will explore your communities in a creative way and create a photo collage to share with the world.

Are you ready to GET CREATIVE?

So... here is what you need to do

Step 1: Think of your communities

- What communities are you part of?
- What communities are mean a lot to you?
- How does it feel to be part of a community?
- What kind of connections do you have to different people and groups?

Step 2: Take photos

Your voice is your photo. After you have thought of these questions, start taking photos from your daily life that captures the answer to these questions. There is no right or wrong. It is your voice, your community.

Step 3: Creating Your Photo Collage

- You can add captions, descriptions, your feelings, memories, anything...
